

Christmas party donation/raffle

Cody Gonsauls

Monday, November 6, 9:15 PM

Robert,

Thank you for the photo of us from the lecture in scranton! I didn't even think when we were there we could have got a photo op with the speaker. That was a great day.

And i had a blast over at the bennett's house and the ruins of old plane 14. I am still in awe of the amazing history preserved there and im sure still buried. Just waiting for the next generation to uncover more. I am quite happy he is trying to find ways for it to survive in perpetuity. There are so many possibilities that await.

I was also interested in making a donation for a raffle at the yearly Christmas party for the carbondale historical society. I have come across quite a few copies of the first postcard's book by the carbondale news in my collecting. The pioneer city: a photographic record of carbondale ,pa Volume One. I would like to submit a copy for a raffle to give to one of the members. Below is a photo of the book. I can bring it with me on my next trip up. And i have to het me and my wife's money in for party as well. She is excited to catch up with you also on our trip to Europe.

Will talk soon
